1. The first thing I noticed when I stepped  
out of the plane was the cold. It was  
a shock to the system. The air was so  
thin and the ground was so hard. I  
felt like I was in a different world.  
The people were so different. They  
were so tall and so strong. I felt like  
I was a small child in their presence.

2. The second thing I noticed was the  
noise. It was a constant hum that  
seemed to come from everywhere. I  
felt like I was in a giant's world.  
The people were so loud and so  
boisterous. I felt like I was a small  
child in their presence.

1871  
The first of the year  
was a very dry one  
and the crops were  
very poor. The  
winter was also very  
dry and the crops  
were very poor.

The second of the year  
was a very wet one  
and the crops were  
very good. The  
winter was also very  
wet and the crops  
were very good.
